Navigation Tools

A 3D perspective view of a vertical rectangular arm. It is a dark gray rectangular prism with a circular hole at the bottom center of one of its long faces. The hole is oriented towards the viewer.

FRONT VIEW

The front view shows a vertical rectangle with a height dimension of 150 mm. At the bottom, there is a circular hole. The distance from the bottom edge to the center of the hole is dimensioned as 10 mm. The width of the rectangle is dimensioned as 20 mm. A vertical centerline passes through the hole.

RIGHT VIEW

The right view shows a vertical rectangle with a height of 150 mm and a width of 20 mm. It is a simple rectangle with no features shown.

TOP VIEW

The top view shows a square with side dimensions of 20 mm by 20 mm. It is a simple square with no features shown.

BOTTOM VIEW (SHOWING HOLE)

The bottom view shows a square with side dimensions of 20 mm by 20 mm. In the center, there is a circular hole. A leader line points to the hole with the label Ø5.

A 3D coordinate system with three axes: Z (vertical, blue), X (horizontal, red), and Y (depth, green). The origin is at the bottom-left-front corner of a small cube. The Z-axis points up, the X-axis points right, and the Y-axis points into the page.
